Red Wing Framing Gallery further expands fine-art printing capability

FOR IMMEDIATE RELEASE: January 31, 2008  
Contact Valerie Becker, 651-380-1501

(Red Wing, MN)...Red Wing Framing Gallery announced further investment and expansion of its fine-art printing capability with the addition of a 60” HP Z6100ps printer and associated RIP software.

“This is our third large-format printer in the last five years” stated Valerie Becker, President of Red Wing Framing Gallery. “Each expansion is designed to provide higher quality than previous printer generations and the Z6100ps printer is widely recognized as the current gold standard of archival fine-art printers. It was operational within 3 hours of installation and is already earning its keep as a fine-art production tool.”

Red Wing Framing Gallery ([www.redwingframing.com](http://www.redwingframing.com)), located in the historic Boxrud Building on Main Street in Downtown Red Wing, specializes in original fine art, custom framing and fine-art digital printing.
